Re: Onondaga Lake RI/FS (734030)  
"Site History Report"

Dear Walt:

This letter is a follow-up to our November 2, 1995 letter in which we requested additional information associated with the above-referenced report. Specifically, we requested information on AlliedSignal's and other related entities' involvement, if any, associated with the following sites:

- Quanta Resources Site
- Prestolite Site/ELTRA Corp.
- Barrett Paving Site
- Industrial Landfill (Matthew's Avenue.)
- Alpha Portland Cement Co., Jamesville
- Allied Corp. Settling Basins, Town of Geddes (This may be a reference to the waste Beds, the Semet Residue Ponds, or the Industrial Landfill. Please clarify.)
- Allied Settling Basins and Landfill, Gere Lock Road, Camillus (this site appears to be Waste Beds 12-15 and the Camillus Landfill. Please clarify.)

As previously requested, please review the preceding list to determine if the named sites should be addressed in the Site History report. If so, the Site History Report should be revised to include such information as the manufacturing processes which took place at the site, waste products generated at the site and disposal practices which took place at the site or at an off site location.

We look forward to reviewing your response to our request.

437925

If you have any questions relating to this issue, please contact me at 518-457-7924.

Sincerely,

A handwritten signature in black ink, appearing to read "Timothy J. Larson", with a long horizontal line extending to the right.

Timothy J. Larson, P.E.  
Project Manager  
Division of Hazardous Waste Remediation
